

# MEMORY CARD

How have you been touched by

?

I am so deeply moved  
by the programs created  
by the Black Panthers.  
They developed creative  
solutions to basic problems  
the community faced. We  
came today from  
the Valley. We are Our  
Revolution Turlock, and  
we want to take from  
the Black Panthers' example  
and create that kind of  
change at home in  
our community as a  
force of care and  
compassion for our  
Community
